for a period of time, they will learn what they need to know to be more effective. People need time to try things out, make mistakes, and then figure out a strategy that works. Section 5. Building and Sustaining Commitment Individual competence and competencies are matched to the requirements of the position, the fit of the person with the immediate team, the overall cultural fit, and the particular challenge. A good process can also support and sell the decision internally if it is determined that an external candidate is the best choice for the position. What is the difference between competences and ... 1. Author(s): Schopp, Robert F Title(s): Competence, condemnation, and commitment : an integrated theory of mental

Schopp | Nebraska College of
Law John Meyer and Natalie Allen
developed the Three Component
Model of Commitment, and
published it in the 1991 "Human
Resource Management Review."

The model defines the three types
of commitment as follows: Affection
for your job (affective
commitment). Fear of loss
(continuance commitment). Sense
of obligation to stay (normative
commitment). The Three
Component Model of Commitment -
