Sanitation Performance Standards
Compliance Guide In this guide,
FSIS cites construction, plumbing,
and sewage disposal guidance,
standards, and codes developed
other Federal agencies and by
private standards organizations.
FSIS does not require compliance
with any of the private
organizations' standards or codes
and does not specifically endorse
their use. Sanitation Performance
Standards Compliance
Guide Sanitation Performance
Standards Compliance Guide FSIS
presents or references methods
already proven to be effective in
maintaining sanitary conditions in
meat and poultry establishments.
Sanitation Performance Standards

Compliance Guide Update -

§416.2(g): Water supply and water, ice, and solution reuse(Dec 9, 1999; PDF Only) Sanitation Performance Standards Compliance

Guide establishments can ensure compliance with the sanitation performance standard regulations. Establishments, of course, may use other codes or information and should always comply with all applicable Federal, State, and local laws governing construction, plumbing, and sewage disposal. FSIS plans to reference additional codes and standards, as Sanitation Performance Standards Compliance Guide The FSIS sanitation performance standards regulations are in 9 CFR 416. contents of this guidance document do not have the force and effect of law and are not meant to bind the public in any way. Sanitation Performance Standards Compliance Guide Back to Performance Standards Document Appendix 1: Past Sanitation Regulations. As stated in the introduction, meat and poultry establishments that follow the guidance in this document, including the past sanitation regulations, can be fairly certain that they are meeting the new sanitation performance standards. Sanitation Performance Standards Compliance Guide Appendices The U.S. Department of Agriculture Food Safety and Inspection Service is the only organization that has water and condensation guidance for food

production environments in the Sanitation Performance Standards Compliance Guide. This guide outlines when condensation is acceptable in food production facilities. Reduced Moisture Design & Sanitation: Best Practices ... Sanitation Performance Standards Compliance Guide (Oct 13, 1999) FSIS presents or references methods already proven to be effective in maintaining sanitary conditions in meat and poultry establishments. Sanitation Performance Standards Less than Daily ... To demonstrate mastery of Sanitation Performance Standards (SPS), the trainee will: 1. Describe the relationship between establishment sanitation and the cleanliness and wholesomeness of product. 2. Identify two sources of

authority for performing sanitation inspection. 3. Define “sanitation”. 4. Define “performance standard” as it relates to sanitation. 5. Sanitation Performance Standards Include all sanitation procedures in the SSOPs. Ensure that all sanitation procedures document the verification frequencies, identify responsible persons and supervisory personnel, and describe in detail all verification activities. Meat and poultry plants are unique because they are required to develop, maintain, and adhere to written SSOPs. SSOP and GMP Practices and Programs - Sanitation Standard ... The Sanitation Performance Standards Compliance Guide contains guidelines that could be used by an establishment to meet water reuse regulations,

but the guidelines are not regulatory requirements. An establishment needs to consider the impact that increased turbidity would have on water quality and address it in its hazard

analysis. Does reuse water need to meet the turbidity requirements
