content. By continuing to browse this website you agree to the use of cookies. SAP Help Portal United States Payroll should be implemented in cooperation with the project team implementing other areas of SAP HR, particularly Personnel Administration. Since US Payroll uses an interface to a separate BSI TaxFactory database to calculate taxes, you need to consult with networking, database and Basis personnel during some parts of the implementation. SAP Library - Payroll United States (PY-US) While SAP Payroll can handle all sorts of complexity, it is always better to eliminate that complexity instead of building it into the system. Too often we simply 'lift and shift' the payroll from the old system to SAP. Whatever the old system did, we just do it in SAP. That approach prevents us from gaining value in the payroll process. Seven Ways SAP Payroll Implementations (Still) Go Wrong ... A big part of a S/4HANA implementation is understanding which simplifications and enhancements are available and which you would like to implement. Not all simplifications are mandatory. And each simplification or enhancement has its own unique impact on the process, data etc. SAP provides a simplification list for each HANA release.
